FLOWER SEED NOVELTIES

Giant Stock Abundance

GIANT STOCK

Abundance

Without a doubt this is the finest Stock ever introduced. It blooms profusely, the color of the flower being a beautiful pink. In our trial grounds the past Summer we had several plants that measured two feet across. With good culture, transplanting several times and feeding with liquid manure, one can obtain gigantic bouquets similar to cut. This variety can be cultivated either as a Summer or Winter Stock, and by sowing early in June it may be had in flower by Christmas time. Per pkt. 500 seeds \$1.00.

ASTER Splendor. Upright Flesh Pink. In this variety we have one of great value. It has many qualities which commend it highly, not only in the habit of growth, but in size, form of flower, and in color, which is one of the most desirable in an Aster, being of a beautiful light flesh pink, a shade which can be used in nearly all floral work. The plant has the ideal habit of an upright growing sort. Very seldom are there any lateral branches. The stems are long, stiff and always hold the bloom in a perfectly upright way. Price, pkt. 25c., $\frac{1}{4}$ oz. \$1.75, oz. \$5.00.

ANTIRRHINUM TALL CARMINE ROSE. Color a bright carmine with a golden yellow blotch on the lower lip, large flowered and profuse bloomer. Price, pkt. 25c., 5 pkts. \$1.00.

ANTIRRHINUM TALL CHAMOIS. Very handsome new color, quite distinct, a lovely apricot yellow with purplish red upper lip. Large flowered and profuse bloomer. Price, pkt. 25c., 5 pkts. \$1.00.

Terms of Credit.—To regular customers and houses of established credit, all bills bought from this catalogue are due 60 days from date of purchase. All accounts are subject to sight draft on expiration of 60 days, if payment is not made by that date.

On orders accompanied by cash we will allow a discount of 3 per cent., or from **regular customers** if paid in 10 days from receipt of goods.

ASTER

Purity. One of the finest white Asters grown, either for pots or cutting

Daybreak. Counterpart to Purity, with a fine rose color similar to Daybreak carnation; very fine..

Vick's Violet King. The peer of the grandest Chrysanthemum. The habit is similar to the popular Vick's Branching, vigorous in growth, long, stiff stems; petals somewhat resemble the quilled varieties but much larger and broader, completely covering the crown. In shape and size the bloom is round, full and large, many of the flowers 4 to 5 inches. Its color is a soft violet-lilac. Trade pkt. 25c., oz. \$1.50.

ASTER DAYBREAK

ASTER VICK'S MIKADO PINK

ASTER VICK'S MIKADO PINK

In type Vick's Mikado Pink belongs to the Comet class. Petals are narrow, very long, and gracefully reflexed. The outer petals show to their full extent, while gradually toward the center they bend and curl across each other in such magnificent disorder as to make the fluffiest Aster we have ever seen. Color exquisite shade of shell pink, being a happy medium between the color of Vick's Branching Pink and Semple's Pink. It is destined to be among Asters what the Enchantress is among Carnations. As a mid-season pink it is without a rival. Habit: While Vick's Mikado Pink belongs strictly to the Comet class, the strongly growing, freely branching, long stemmed plants quite resemble the Branching sorts. In growth these plants are unusually vigorous for their type, succeeding abundantly this past season in spite of severe droughts and poor soil. It was not uncommon to find plants with a dozen long, strong, graceful stems each crowned with flowers from four and a half to six inches in diameter. The flower photographed was over six and a half inches.

PANSIES

PANSY

Famous Strains of Mammoth Mixed Pansies

S. & W. CO.'S NON PLUS ULTRA

Our Non Plus Ultra Pansy is a mixture containing the largest, handsomest, most perfect varieties ever sent out. The beautiful coloring and variety of marking give a bed of these pansies a most brilliant appearance. The seed having been saved from the greatest assortment of types, including only the best of Giant Cassiers, Bugnots, Trimardeaux and Giant English, French and German strains. Finest mixed. Trade pkt. 25c., $\frac{1}{4}$ oz. \$1.50, oz. \$5.00.

WORLD'S BEST MIXTURE

This mixture is the result of careful selection, from the very largest and finest pansies, of all the varieties; and we can safely say that a better or finer strain it is impossible to get. Trade pkt. 50c., 1000 seeds \$1.25, 5000 seeds \$5.00.

S. & W. CO.'S ODIER

Our strain of this magnificent Pansy is indeed of a very fine selection, and comprises only the most brilliant colors; each petal has a large brilliant spot.

Odiar, Finest Mixed. Trade pkt. 25c., $\frac{1}{4}$ oz. \$1.75, oz. \$6.00.

BUGNOT'S LARGE STAINED

Mixed colors. A celebrated French strain, extra large, choicest colors, broad blotches and delicate pencilings; ground colors, generally light, bringing the elegant markings out in strong relief. Trade pkt. 25c., $\frac{1}{4}$ oz. \$1.75, oz. \$6.00.

VERY LARGE FLOWERING VARIETIES

These are remarkably large Pansies, which, for size of flower and robust growth, eclipse all other strains. Their range of color has heretofore been limited, but this season we are able to offer several grand new varieties.

CASSIER'S LARGE-FLOWERING

In form, color and size this Pansy stands alone; the plants are very robust and the flowers are held well above the foliage, and should be grown among all other Pansies, as they add to the effect on account of their robust habits.

Cassier's, All Colors Mixed. Trade pkt. 25c., $\frac{1}{4}$ oz. \$1.50, oz. \$5.00.

SWEET PEAS

New Giant and Orchid Flowering

That should be known to every florist that grows Sweet Peas. The flowers of some of the varieties are as large again as the ordinary varieties.

NOVELTIES FOR 1909 NEW SPENCER SELECTIONS

RAMONA SPENCER

Like our well-known Ramona, this variety is clear white, with soft delicate lines and flakes of blush pink. It is of the very finest form and immense size. Both standard and wings are wavy and fluffy and it is very seldom one finds a stem with less than four blossoms, all beautifully poised. Delicate and beautiful. Oz. 25c., 4 oz. 75c.

BEATRICE SPENCER

As the name implies, this variety resembles in color the old favorite Princess Beatrice. It is fully as large as Countess Spencer, with wavy standard and large wings. The ground is white, tinted with soft pink and buff standard, while each wing has a blotch of brighter pink near the base. One of the most delicate and dainty varieties we have. Oz. 25c., 4 oz. 75c.

MRS. ROUTZAHN SPENCER

Although we offer our own selection of this variety and had meant to introduce it under another name, found it identical with a selection to be introduced by W. Atlee Burpee & Co. this year and have decided to use their name. Our stock is one of "Henry's" selections and our "field name" was "Apricot and Straw." This expression rather correctly describes the colors. It can also be described as our Florence Morse Spencer on Primrose Ground. The blending shades are soft rose and buff and primrose with a decided rose edge. It is very large and of the most perfect Spencer form. Oz. 25c., 4 oz. 75c.

MRS. SANKEY SPENCER

Anyone familiar with the old favorite, Mrs. Sankey, will at once recognize this as a "Black Seeded White" Spencer. It is fully as large as Burpee's White Spencer and of equally perfect form. Being black seeded it is easy to germinate. Like all other black seeded White Sweet Peas, there is a faint tint of pink in the bud, but the fully expanded flower is clear, pure white. Oz. 25c., 4 oz. 75c.

ASTA OHN SPENCER SWEET PEA

ASTA OHN (SPENCER)

This selection is lavender, suffused or tinted with mauve. It will undoubtedly take its place as the best lavender in the Spencer collections. It is so superior to Mrs. Chas. Foster and any other lavender we have seen that there can be no place for the others. It is of the true Spencer type. It is large and wavy, and has large wavy wings also. It comes uniformly four blossoms to the stem and the stems are particularly long and sturdy. It also comes wonderfully true and there were absolutely no hooded types in the piece this year. Oz. 25c., 4 oz. 75c.

CAPTAIN OF THE BLUES SPENCER

The name we have adopted fully describes this variety. It is even larger than Countess Spencer and of fully as perfect form; standard purple; wings, bright blue. A bright, striking variety, and decidedly new in Spencers. Oz. 25c., 4 oz. 75c.

BUCKWHEAT, NEW JAPANESE

This is a superior variety and more prolific, and yields double the weight per acre of other sorts. The grains are nearly twice as large as those of Silver Hull, and of fine color. This variety is always in demand, millers preferring it to all other sorts, and it makes the finest flour. Pk. 60c., bus. \$1.90.

BARLEY IMPORTED HANNA

A new variety of Barley recently introduced by the U. S. Dept. of Agriculture. It is a pedigree variety from Europe and is spoken of as "the great favorite Barley among German and Austrian brewers." It is noted for its earliness, and very plump kernels. It is a two-rowed Barley. Our stock is the imported extra large grain and grown especially for seed purposes. Qt. 20c., pk. \$1.00, bus. \$3.00.

SEED OATS Early New Market

Large plump white seeded, thin hulled, kernels as large as wheat; weight 50 lbs. to measured bushel; straw good and stiff; growth up to five feet; have reports of yields up to 75 bushels per acre. If interested in Oats send for sample. You cannot buy or grow better Oats. Price, per bus. \$2.00, 10 bus., \$1.75 per bus.

SUNFLOWER MAMMOTH RUSSIAN

Highly valued as an excellent and cheap food for fowls. It is the best egg-producing food known. It can be raised cheaper than corn. Four pounds of seed will plant an acre. Lb. 10c., 10 lbs. 75c., 100 lbs. \$6.00.

BULBS FOR SPRING PLANTING

Lafayette. This is one of the grandest bedders, very floriferous and of good, erect habit. Flowers of medium size, very double and of the most brilliant orange scarlet. Doz. \$1.75, 100 \$12.00.

CANNA BULBS

ORCHID FLOWERING VARIETIES

Fine, plump, *Northern grown*, and in fine condition. Not to be compared with Southern-grown stock, that are never thoroughly ripened and therefore are very slow to start growing.

Allemania. 5 to 6 feet. An improved Italia, with more numerous flowers, of immense size. Outer petals scarlet, with broad yellow border; inside scarlet and dark red. One of the best of the Giant, or Orchid-flowered section. Doz. 35c., 100 \$2.50, 1000 \$22.50.

Burbank. 5 feet. Color, rich canary yellow, with a few carmine spots in throat. Doz. 30c., 100 \$2.50, 1000 \$22.50.

Louisiana. 7 feet. New American orchid-flowered, strong, vigorous-growing variety, producing a dense mass of glossy green foliage, and vivid, scarlet flowers, often measuring 7 inches across. Imagine a plant with 4 to 5 main stems, each one crowned with 30 to 40 flowers open at one time. The effect is gorgeous and indescribable. Doz. 55c., 100 \$4.00, 1000 \$35.00.

Pennsylvania. 6 feet. The flowers are often 7 to 8 inches across, with petals 2½ inches broad. Fine red color. Doz. 50c., 100 \$3.00.

Austria. 5 feet. Pure canary yellow. Doz. 35c., 100 \$2.50.

BRONZE FOLIAGE VARIETIES

King Humbert. 5 feet. Of superlative beauty and by far the finest of all bronze-leaved Cannas. The enormous trusses are made up of flowers that measure six inches across and are a rich salmon scarlet distinctly and numerous flecked with deep crimson markings. It is a free bloomer and with its rich, coppery bronze massive foliage it produces an effect both bold and striking. Doz. \$1.25, 100 \$8.00.

Robusta. 6 feet. Probably the largest growing Canna in cultivation. If planted in rich, deep soil they will attain 7 to 9 feet in height. Foliage very large and broad, color rich metallic bronze green. Certainly the best Canna where a tropical effect is desired. Doz. 30c., 100 \$2.00, 1000 \$18.00.

PINK FLOWERING VARIETIES

Mlle. Berat. 4 to 5 feet. Strong grower, with dark pink flowers; one of the best. Doz. 40c., 100 \$2.50, 1000 \$22.50.

Rosemawr. Extra fine large flowering, dark rose-colored variety; a fine bedder. Doz. 60c., 100 \$4.00.

For Foliage Only

Musafolia. This is the finest foliage Canna yet seen, with enormous Musa-like leaves, 3x5 feet, of a dark green, bronze-tinted color, the edge of the leaves being beautifully banded with bronze purple. In size and beauty of foliage it is a revelation, and makes a clump or single specimen plant for the lawn which no other foliage plant can approach. Attains a height of 8 feet, beautiful and symmetrical at every stage of growth. Doz. 30c., 100 \$2.25, 1000 \$20.00.

YELLOW FLOWERING VARIETIES

Dr. Nansen. 5 feet. Yellow flowers. Doz. 50c., 100 \$3.00.

Gladiator. 4 to 5 feet. The big, round flowers of bright, yellow petals are thickly spotted with pure crimson, smaller center petals are solid crimson, rich and glowing; blooms profusely. Heads are unusually large and borne on long, strong stalks with tough, deep green foliage. Gladiator will recover from the effect of storms better than any other Canna there is, unless it be Buttercup. Doz. 40c., 100 \$3.00, 1000 \$27.00.

CANNA PRESIDENT MCKINLEY

Golden Star. 5 feet. Fine yellow, spotted red. Doz. 30c., 100 \$2.25, 1000 \$20.00.

Richard Wallace. A magnificent large yellow flowering variety, green well-shaped foliage, growing about 5 feet high. Doz. \$1.00, 100 \$7.00.

RED AND YELLOW FLOWERING VARIETIES

Queen Charlotte. 4 feet. One of the finest of the gilt-edged sorts. Large trusses and large flowers of blood-red petals, broadly banded with bright canary yellow. Handsome, deep bluish green foliage. Exceedingly decorative. Doz. 50c., 100 \$3.00, 1000 \$25.00.

Mme. Crozy. 4 feet. All things considered, still one of the best for bedding. A constant, free and reliable bloomer with large trusses, set well above the foliage. Flowers large, bright orange scarlet, lightly bordered with yellow. Bright green, massive foliage. Doz. 60c., 100 \$4.00, 1000 \$35.00.

RED FLOWERING VARIETIES

Chas. Henderson. 4 feet. The standard of excellence in crimson Cannas. Dark green foliage, flowers freely produced in large clusters; color brilliant crimson scarlet. One of the best of all the red varieties for bedding. Doz. 35c., 100 \$2.50, 1000 \$22.50.

Pres. McKinley. 3 feet. One of the very best Cannas for bedding; luxuriant in foliage and dwarf in habit. The trusses are large and numerous and the flowers large, brilliant crimson, shaded with scarlet; showy and striking. Doz. 35c., 100 \$2.50, 1000 \$22.50.

NEW DAHLIAS

VIRGINIA MAULE

A glance at the photograph (reduced in size) will give some idea of its wondrously delicate loveliness; but the actual flower is a revelation in the delicate tints of shell pink; it has a charm that appeals but defies description; a chasteness that the English language cannot adequately describe.

Combines all the good qualities of Mrs. Gladstone, Queen of the Belgians, Nymphæa and Mrs. Roosevelt, with none of their faults. No hard center, no open center, no rigid formation, no crooked or drooping stem, no harsh lavender or crimson-pink shade.

Is the Commercial Light Pink Dahlia, selling two successive seasons at \$6.00 per 100 blooms; will soon supplant all others of its color in cut flower market, and find its way to every Dahlia collection.

Price: Strong divided field-grown roots, each 35c., doz. \$3.50, per 100 \$28.00.

“JACK ROSE”

(Decorative)

The floral sensation of the season, combining every good quality found or desired in Dahlias. The flowers are large to very large, specimen blooms measuring 6 to 7 inches across and 4 inches deep, with a full high center; the outer petals reflex to the stem as the flower fully expands. An early, profuse and continuous bloomer.

Color is that of the universal favorite “Jack” Rose (General Jacqueminot) from which it derives its name. That rich velvety crimson that cannot be found elsewhere—that brilliantly rich color that appeals so strongly to every one. Price, strong field-grown roots, each 35c., per doz \$3.50, per 100 \$30.00.

NEW CACTUS DAHLIAS

The following varieties are the very choicest, selected from the large list of new Cactus Dahlias of recent introduction, and can be depended upon to give the greatest satisfaction:

Alexander Immer. Rich velvet maroon, almost black.

Juliet. Rosy pink, tinting lighter toward the center.

A magnificent flower of finest form.

Master Carl. Choicest of all Cactus Dahlias. Bright orange salmon, perfect form.

Morning Glow. Large well-built, with full high center. Yellow shading through old gold to orange.

Mrs. Chas. Scott. An exquisite variety; rich glowing crimson, shaded garnet; very distinct.

Miss Dorothy Oliver. Very dainty, with long slender petals. Soft primrose shading to light yellow.

Mrs. Geo. Stevenson. Acknowledged the finest pure canary yellow Cactus; should be in every collection.

Rev. D. R. Williamson. A magnificent flower of finest Cactus form. Rich glowing crimson.

Silver Wings. Pure white, with the faintest tinge of silvery pink.

White Swan. The finest pure white Cactus; flowers are of spidery build with long slender petals.

Price, all of above, strong field roots, each 25c., per doz. \$2.50, per 100 \$17.50.

NEW DECORATIVE DAHLIA
VIRGINIA MAULE

GLADIOLUS

"AMERICA"

A FEW POINTS OF MERIT

Color: A beautiful soft flesh pink, very light and much like "Enchantress" Carnation, except slightly tinged with lavender which gives it the delicate coloring of the most beautiful Lælias. Words fail to do justice in describing this grand and glorious color; it must be seen to be appreciated.

Size: Growth is very strong and healthy, producing a beautiful dark green foliage, and a strong, erect spike of the largest flowers, well set to show to the best advantage.

Purposes: For florists' use its color makes it everything to be desired; delicate, attractive and absolutely new; no other color in Gladiolus like it or one-half so beautiful. It has created a sensation in the cut flower markets, selling for more than five times the price of other varieties.

For bedding, its exceptionally rich dark green foliage and erect spikes of extra large and beautiful flowers make it most desirable for planting in beds in parks, private estates, etc.

FLORISTS' SUPPLIES FOR GREENHOUSE AND STORE

AUTO-SPRAY

Convenient, durable, efficient, our patented leader of spray apparatus for small uses will do better work and do it easier than any other similar article. Useful with Bordeaux and all solutions, also in applying cold water paints or whitewash. Holds four gallons. Illustration shows our new "Auto-Pop" attachment, which doubles the efficiency by saving half the solution and labor. Our "Anti-Choke" Nozzle, cleaned at every operation of "Auto-Pop," can never clog. Tank made of galvanized steel or brass. High grade hose. Heavy self-contained pump, all brass. Nipple connections, nozzle, etc., turned from solid brass rod with full threads. Castings for handle, etc., all malleable. No continuous pumping as in the case of the Knapsack Sprayer—no continuous pumping or stopping as in the case of the bucket pump. A few strokes of plunger compress enough air to cover a quarter acre of potatoes or similar crop. The operator simply holds the nozzle. Also used for

spraying disinfectants. A practical machine for potatoes, tobacco, small fruits, vineyards, poultry houses, greenhouses, etc. Extension pipes useful for spraying tall trees, etc.

CARPENTER'S RAPID TIE

"Patent Applied For"

For stalking Hyacinths, Tulips, 'Mums, Etc.

This labor saving device, simple as it may seem, has many advantages, not possessed by "the old way" of tying with raffia or string.

SOME GOOD POINTS. The cost is nothing, considering the labor saved. The U clamps the match stick, as the ends are bent about the stalk. The ends not being fastened together, allow for the growth of the plant. Tests have proved that it prevents buckling and breakage. It is neater and looks better.

Made of Extra Heavy Manila Waterproof Card Board. Fertilized. Wire Stitched Seams, Perfect Drainage and Shipped Flat.

If you grow Tomatoes or Pot Plants you cannot afford to pass over this.

These square pots economize space, give more room to the roots than the tapering round pots. In setting out plants the pots are not removed. Simply unlock the bottom flaps and turn them up (see cut), allowing the roots to grow down.

Size	Gross weight per 1000	250	1000

3 inch	about 40 lbs.	1 50	4 50
3 1/2 inch	about 50 lbs.	1 75	5 50

In setting out plants unlock the bottom, pull pot up one inch, and you have a wall to protect the roots against grubs and worms.

NEPONSET FLOWER POTS

No breakage. Light in weight. Easy to handle. Economical. Nesting closely. Saving transportation charges. Don't wrap cuttings and bulbs for shipment in paper, but use Neponset Flower Pots. They retain moisture. Perfect drainage, resulting in rapid growth of plant. To obtain best results, rest pots on wood, not on earth.

**MOLE TRAPS—Olmstead's Improved Reliable**

The invention consists of the frame A, constructed with two cross bars, in which are holes to guide the needle bars B B. At the lower end of the needle bars is attached a plate to which six needles are made fast, three on each side of the plate. To the upper end of the needle bars is attached a platform for the purpose of holding a weight, either a brick or stone, which serves to operate the trap when set off by the mole.

Springs are also furnished to operate the trap. The spring can be readily attached and detached, it simply being hooked to the trap, so that either a weight or spring can be used to operate it.

Upon each side of the frame at C C, projections are made which serve as stops or guides to indicate when the trap is pushed into the ground the right distance to insure the catching of the mole, and also to serve as a support for the trap. This is a very important feature in mole traps, for it obviates all guesswork in setting in.

To the frame is attached the lever D and trigger E, both made to work loosely on pivots.

This trap is constructed entirely of steel and iron.

Price, each \$1.50, per doz. \$15.00.

**S. & W. CO.'S COMPRESSED AIR ATOMIZER AND SPRAYER**

The most perfect small hand compressed air sprayer made. Delivers a *continuous* fog-like spray. Is fitted with straight and adjustable nozzles, making a perfect *under leaf sprayer*. In fact, spray can be delivered at *any angle* or position desired. Holds 1 quart. Price, 75c., made of brass, \$1.50.

S. & W. BUCKET SPRAY PUMP

Bordeaux Brass Garden and Spray Pump is especially designed for spraying in gardens and greenhouses. Has adjustable footpiece to fit different size buckets. With 3 feet $\frac{3}{8}$ -inch hose and spray nozzle.

Price \$3 75

**KINNEY PUMP**

We believe that for applying liquid manure this pump has no equal. Enough labor is often saved in feeding a house of plants once to pay for the pump. Besides this the pump is used for spraying, for tempering water to water with, and for drawing water out of furnace pits. Being made entirely of brass, these pumps are not corroded by chemicals, and they do not wear out. One will last a lifetime. Remember that the water pressure does the pumping and that the flow of liquid fertilizer through the hose is even and continuous as long as the liquid is reasonably clear and there is water pressure behind it. Each \$1.75.

**CYCLONE SPRAY PUMP**

A marvelous insect exterminator; throws a spray as fine as mist and is therefore more effectual than any other spray pump, and only loses about one-tenth the liquid.

No. 1. All tin. . Each \$0 50 No. 1. All brass. . Each \$1 00

"KNAPSACK" SPRAY PUMP

S. & W. "Knapsack" Spray Pump is made entirely of brass and copper with ball valve and metal plunger, all parts easily accessible. The reservoir is made of heavy copper, capacity about five gallons. LEHMAN'S WAGON HEATERS

For heating vehicles of all kinds, and for other purposes where a steady, inexpensive heat is desired, the Lehman Heater is unquestionably the most perfect device ever invented. It radiates steady, uniform heat sufficient for all purposes at a cost of less than ½ cent an hour.

It burns a specially prepared carbon known as "Lehman Coal," without emitting gas, smoke or odor, and this fuel can be lighted or extinguished at will. The Heater may be made ready for use in three minutes, and one-third of a brick costing but two cents will give sufficient heat for any ordinary purpose.

S. & W. Folding Steel Frame

The neatest in design, the lightest in weight, the finest finish, the most durable, hardwood handles, handsomely painted.

This garden barrow has been on the market seven years, and the great numbers which have been sold in all parts of the country during that time and the universal satisfaction they have given, fully substantiates all claims we make for it. The frame is made from 1 inch angle bar with foot turned, so it will not injure a lawn. Supplied with No. 1 steel wheel. The frame and wheel are japanned black; sides and handles bright green. Size of front 12x19 inches, sides 12x28 inches, bottom 21x27 inches, weight 40 lbs. Price, \$3.50.

FERGUSON'S COMBINATION SPRAYER AND SYRINGE

The only practical Greenhouse Combination Sprayer and Syringe on the market. The three different roses that go with each sprayer make it possible to either water, spray or syringe at will by simply adjusting whichever rose is desired. Recommended as regards syringing under the foliage of plants where force is needed to keep down red spider, etc. Substantially made of brass, and can be screwed on the end of any hose same as an ordinary nozzle. They are used for outdoor work as well as in greenhouses; nothing better to keep rose bushes, etc., clean. The long brass extension rod enables the user to reach otherwise inaccessible places, such as when spraying tree-ferns, palms, ferns, the foliage of vines, etc., and without getting thoroughly soaked. The simplicity and durability and the great usefulness of this combination sprayer and syringe appeals to every florist and gardener. Whenever used it has given excellent satisfaction, and will no doubt become a necessity with every gardener. Price, \$2.50 each.

QUICK BORDEAUX

Is entirely different from all ordinary prepared fungicides, due to the unique manner in which the chemicals are placed in the bags whereby they keep fresh and strong so long as kept dry.

Directions for Use: Instruct the least experienced man about the place to hang one bag of Quick Bordeaux in a 50 gallon barrel of water and squeeze it until the contents are dissolved. The result will be a fresh Bordeaux showing the light fluffy precipitate, which will stick to the foliage and be in every way equal to the very best that could have been made by any two skilled men on the place, working together according to the old method. One man and one barrel only are required. Lb.-can 20c., makes 5 gallons spray; 5-lb. can \$1.00, 50 lbs. \$6.00, 100 lbs. \$11.00.

"TARGET BRAND" WEED KILLER

is a most effective solution of high-grade chemicals, combined by secret process. The dilution is 1 to 50 parts of water made so easily that a boy or child can attend to it. A remedy that not only reduces the amount of labor, but does it at about one-tenth the cost. A gallon diluted is sufficient to cover a space of 100 to 150 square yards.

Application is best made with a watering can to insure uniform distribution, the most advisable time being after a rain, which is when weeds start to sprout and grow. "Target Brand" Weed Killer effectively destroys the roots as well as the top growth, and single applications last almost an entire season.

Blood and Bone. 100 lbs. \$3.00, ton \$50.00.

Clay's Celebrated Fertilizer. On account of the high reputation which this fertilizer has in England, and as we have had many inquiries for it by gardeners here, we have imported some from Messrs. Clay & Son, which we offer at the following prices. It is undoubtedly one of the best manures for all horticultural purposes, either in greenhouse or garden, and we believe its high reputation is well deserved. It is productive and lasting, and notwithstanding its apparently high price, it is quite economical. Prices, in bags, 1 cwt. (112 lbs.) \$5.50, $\frac{1}{2}$ cwt. (56 lbs.) \$3.25, $\frac{1}{4}$ cwt. (28 lbs.) \$1.75, $\frac{1}{8}$ cwt. (14 lbs.) \$1.00.

Quick-Acting Bone Flour. This bone is ground as fine as it is possible to have it, and where a high grade bone is wanted for immediate results, we recommend its use. 50 lbs. \$1.50, 100 lbs. \$2.75.

General Use Bone. This bone is ground to about pin-head size, with a fair percentage of flour bone, and where a high grade bone for immediate and continuous use is wanted, would advise using this grade. 50 lbs. \$1.50, 100 lbs. \$2.50, ton \$40.00.
